## **PREFACE**

The purpose of this Directory is to provide general information regarding services and programs available to help a woman through pregnancy, including prenatal (before the baby is born) care, postpartum (after the baby is born) care and while her child is dependent.

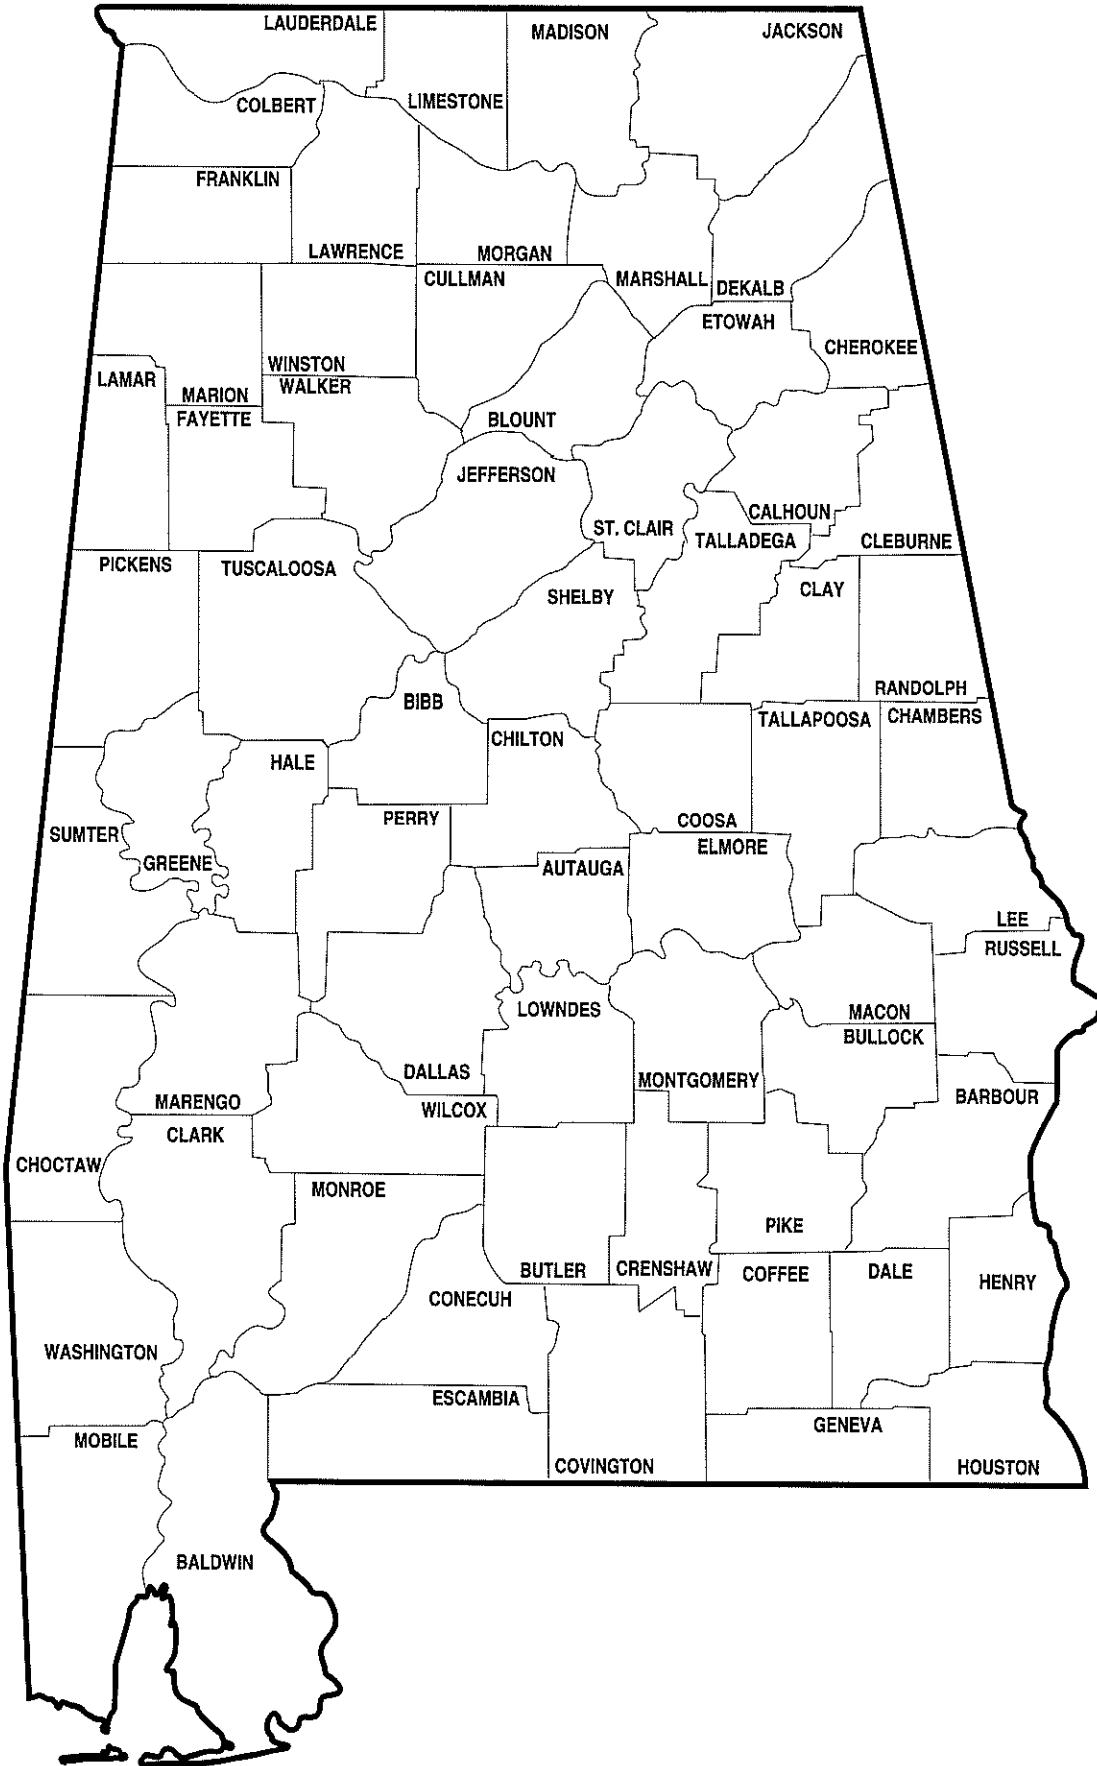

This directory does not include all of the resources in the state and is not intended to be a stand-alone guide. However, it does provide information on resources that may be available to assist a pregnant woman and her family. Every effort has been made to obtain correct information; however, the directory does not contain all available resources and the information is subject to change. Please note that inclusion of an organization or service does not imply endorsement, nor does exclusion imply disapproval.

This Directory is provided by the Alabama Department of Public Health as required by Act No. 2002-419, enacted by the Alabama Legislature, Regular Session 2002. It does not provide information about eligibility for any of the programs or services listed nor does it provide legal advice. Eligibility for the services may depend on a number of factors and will be determined by the agency/organization offering the program or service.

## **HOW TO USE**

The directory lists services by county.

1. Look at the map on the next page and find the county where you live. Now look at the table of contents and find out where your county's listing of services begins.
2. Once you flip to your county find the type of service you need.
3. If the service is not available in your county, check the neighboring counties to see if it is available there (see the state map).
4. **Call** the agency you are interested in before you visit and tell them what you need. If the agency cannot help you then they might be able to refer you to another agency or program.
5. Refer to the Government Agency section for more detailed information regarding the services and programs offered by the Alabama Department of Human Resources, the Alabama Department of Public Health and the Alabama Medicaid Agency.
6. For assistance with adoption services, see the Listing of Agencies for your county and the separate sections, State Licensed Private Adoption Agencies and Public Child Placing Agencies.
7. Hotline numbers and statewide services are available that provide additional information on services and programs.

## GOVERNMENT AGENCIES

### DEPARTMENT OF HUMAN RESOURCES

The mission of the Alabama Department of Human Resources (DHR) is to partner with communities to promote family stability and provide for the safety and self-sufficiency of vulnerable Alabamians. Located in every county, DHR offers a variety of programs to support and assist women and families. For additional information or to determine eligibility you may contact your local DHR.

**Adoptions** – placing of children through the local DHR offices or child placing agencies licensed by the State Department of Human Resources; responsible for the adoption of children out of state through the Interstate Compact for the Placement of Children.

**Alabama's Family Assistance Program** – DHR administers Alabama's Family Assistance Program, pursuant to the Federal Temporary Assistance for Needy Families (TANF) Block Grant, which provides case assistance for low-income families with children. The program is called TANF in some states. Family Assistance is, for most families, intended to be a temporary safety net until the head of the family, usually a single mother, can get a job. Eligibility for the program is limited to five years in a lifetime. The heads of Family Assistance families must be enrolled in work activities within two years.

**Alabama's Food Stamp Program** helps low-income families stretch their food budgets. Families eligible for Food Stamp benefits use Electronic Benefit Transfer cards to buy food in authorized stores. Eligibility is based on household income and resources.

**Child Day Care/Child Care Subsidy Program** – subsidizes the child care costs of low-income working families and mothers who are working to free themselves from welfare.

**Child Support Enforcement Program** reduces welfare dependency in Alabama by requiring parents to support their children. The program locates non-custodial parents, establishes paternity and a child support obligation, enforces the support obligation, and distributes child support payments. DHR also administers a special program called in-hospital paternity that allows fathers to acknowledge paternity while the mother and child are still in the hospital.

### Community Support

DHR depends on the support of citizens to help people in need. Thousands of people serve as both direct indirect and volunteers for the agency, performing a variety of essential tasks.

**Family Foster Homes:** We have three licensed child placing agencies with licensed family foster maternity homes:

1. Alabama Baptist Children's Home and Family Ministries – 2681 Rocky Ridge Lane, Birmingham, AL 35216, 205-945-0037
2. Childhaven – 1816 Childhaven Road, Cullman, AL 35056, 256-734-6720
3. Lifeline – Birmingham-Private placement only, 2908 Pump House Road, Birmingham, AL 35243, 205-967-0919

**Family Options** – is a service designed to alleviate problems that might lead to the removal of a child from his home in cases where abuse or neglect has taken place.

**Homemaker Services** – teaches parents basic parenting skills. This service is used in child abuse and neglect cases and is intended to help mothers with problems retain custody of their children.

**JOBS – Jobs Opportunities and Basic Skills Training Program** – The purpose of JOBS is to assure that needy families with children obtain the education, training, and employment that will help them avoid long-term welfare dependence.

**Kinship Care Program** – An alternative to foster care, Kinship Care provides support services to relatively low-income families that enable them to care for children who are related to them.

**Maternity Centers:** DHR has five residential licensed child care facilities that serve minor pregnant girls, and teen moms and their babies.:

1. Group Home Infants and Mothers Programs & Services (IMPS) – 418 South Hull Street, Montgomery, AL 36104 334-834-5512
2. UMCH – Selma – 1712 Broad Street, Selma, AL 36701 334-875-7283
3. UMCH- Mobile – 3166 Schillingers Road, Mobile, AL 36619 251-833-3558
4. Childhaven – 1816 Childhaven Road, Cullman, AL 35056 256-734-6720
5. The Way Home – Ft. Payne – only serve private placement only – 1818 Carrington Ave., Ft. Payne, AL 35968 256-845-5777

**Protective Services for Children** – DHR is responsible for protecting children from abuse and neglect. Through the protective services for children, Human Resources investigates reported cases of child abuse or neglect. If these investigations indicate that abuse or neglect have occurred, the agency's first priority is to ensure the safety of the children.

**Putative Father Registry** – Under Alabama law, a man who has reason to believe he is the father of a child has the right to register as a putative father with DHR. This registration can give him the legal rights and obligations of paternity.

**Safe Haven** – Alabama law provides a way out for parents who feel compelled to abandon a child. A parent can take a baby who is 72 hours old or younger to a hospital that has an emergency room. Medical staff will take the infant and try to get some basic information about the health of the baby and the parents. If the baby needs medical care, it will get it at the hospital. The medical staff who accepts the baby will contact a Department of Human Resources social worker. When the baby is ready to leave the hospital, the social workers will take the baby and make sure that it is properly cared for.

## **DEPARTMENT OF PUBLIC HEALTH**

The purpose of the Alabama Department of Public Health is to provide caring, high quality and professional services for the improvement and protection of the public's health through disease prevention and the assurance of public health services to resident and transient populations of the state regardless of social circumstances or the ability to pay.

The Department of Public Health works closely with the community to preserve and protect the public's health and to provide caring, quality services.

**Alabama Newborn Screening Program** – Alabama law requires all newborns to be tested for PKU (phenylketonuria), hypothyroidism, galactosemia, congenital adrenal hyperplasia and hemoglobinopathies (includes sickle cell disease, unless parents have religious objections). Blood

tests are taken at the hospital before discharge. Follow-up testing is often necessary and available at the hospital, doctor's office or county health department.

**ALL Kids** – is a no-fee or limited fee, comprehensive health insurance program for children under age 19. Benefits include regular check-ups and immunizations, sick child doctor visits, prescriptions, dental services, vision services, hospital and physician services and limited mental health/substance abuse services. Call toll free 1-800-373-KIDS (5437).

**Dental Services** – Contact your county health department for any dental clinic sites that are near to you.

**Family Planning Teen Care Coordination Program** – provides care coordination for all family planning teens age 18 and under (teens who are ineligible for the Plan *first* program).

**Healthy Beginnings Help Line** – a toll free pregnancy information/referral line, includes substance abuse treatment resources for pregnant women. Call 1-800-654-1385.

**Immunization** – Vaccines for Children Program, a federal entitlement program that provides vaccines to children who are on Medicaid, uninsured, underinsured, or Alaska Native or American Indian. All vaccines required for day care, Head Start and school attendance are administered at each county health department.

**INFO CONNECTION Help Line** – 1-800-545-1098, a toll-free family planning and information/referral line.

**Maternity** – Uncompensated maternity services are available through some local health department projects that have developed a local system of care. Some health departments also provide limited maternity services; especially care coordination in counties that subcontract with Medicaid providers for these services. Case management services are available from your county health department.

**Plan *first*** – A family planning program for women ages 19-44. The program offers free birth control services from Plan *first* providers, a yearly family planning exam, care support from a social worker or nurse, some types of birth control such as pills and Depo Provera shots, tubes ties for women 21 or older, lab work such as testing for pregnancy and sexually transmitted diseases (STDs) and help in planning when to have a baby. Call the toll free Plan *first* hotline at 1-888-737-2083.

**Social Work Services** – Licensed public health social workers provide case management/care coordination for maternity, family planning, child health, HIV/AIDS, home health, and E/D Waiver patients. Case management/care coordination services consist of psychosocial assessment, development of an individualized service plan, linking the patient with needed services and resources, patient advocacy and evaluation of service delivery. If a social worker is not available in your area, call 334-206-5226.

**Well Child and EPSDT (Early and Periodic Screening, Diagnosis and Treatment) programs** – provides health care for individuals from birth to age 21.

**WIC** – is a supplemental nutrition program that provides assessment, education and nutritious foods free to limited income pregnant, breastfeeding and postpartum women, infants and children up to age 5 who are at nutritional risk.

**Other Services** – Information on other child health service providers in your area and on transportation assistance may be obtained by calling toll-free 1-800-654-1385, in Montgomery call 334-206-5675.

## **MEDICAID**

Medicaid provides assistance with medical bills for low-income individuals who meet the eligibility requirements.

The Social Security Administration, Department of Human Resources, and the Alabama Medicaid Agency certify individuals for Medicaid. Each agency certifies individuals based on their circumstances.

The Social Security Administration certifies individuals for the Supplemental Security Income (SSI) program. Aged, blind or disabled persons with very low income may qualify for cash assistance through this program. Individuals who qualify for SSI are automatically eligible for Medicaid.

The Department of Human Resources certifies families for “Medicaid for Low Income Families.” Children who receive state or federal adoption assistance and foster children may be eligible for Medicaid. Individuals wishing to apply for these programs should contact their county Department of Human Resources (DHR). The DHR offices for each county are listed in this directory.

The Alabama Medicaid Agency certifies for several family programs. For more information contact the Medicaid District Office listed for your county.

## State Licensed Private Adoption Agencies

### **Baldwin County**

*Adoption Home Study Services*, P.O. Box 1463, Fairhope, AL 36533, 251-626-9011
